#### 3. Auditors Comment:

Based on our audit procedures and according to the information and explanation given to us, the Company has incurred cash losses of Rs.72 (in Rs.1000's) in the financial year. However in the immediately preceding financial year there was no loss.

#### Board's Reply:

The cash loss mentioned is due to the way the inventory was accounted. During the year we had written off inventory instead of creating provisions worth 1.67 Cr (part of the expenses) and accordingly the reduction in provisions compared to previous year was reversed (part of income). In the P&L, the net effect of this treatment is NIL whereas in the cash profit calculation, the reversal of provision is excluded (part of income) whereas the written off of inventory is considered as an expense.

The other observations made by the auditors in their report and notes to the accounts referred to in the Auditors Report are self-explanatory.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and profit/ and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements

#### **Emphasis of matter**

Attention is drawn to Note 38 to the standalone financial statements regarding the delay in remittances/ collections of certain overdue balances to/from its wholly owned subsidiaries. We understand from management that the Company is in the process of settling the payable balances to its wholly owned subsidiaries in the due course and obtaining such consents / approvals / condonations as may be required from the authorized dealers and other statutory authorities.

Our opinion is not modified in respect of this matter.

# Information Other than the Standalone Financial Statements and Auditors' Report Thereon

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Company's Directors report but does not include the financial statements and our auditors' report thereon.

Firm Regn. No: 0039908/8200018

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

# Responsibilities of the Management and Board of Directors for Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

#### Auditors' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

 Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud

P

is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances but not for the purpose of expressing
  our opinion under section 143(3)(i) of the Acton whether the company has adequate
  internal financial controls with reference to the standalone financial statements in place
  and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

The standalone financial statements have been prepared to comply in all material respects with the Accounting Standards ("AS") notified under Section 133 of the Companies Act, 2013 and the other relevant provisions of Companies Act, 2013 as applicable. As at 31 March 2023, the Company has accumulated losses of INR 432,958K, as against the share capital (along with the securities premium, stock option and general reserve) of INR 452,839K.

The Company has initiated various steps to improve the operational performance, liquidity, net worth by raising fresh capital through improved business plans (i.e., in terms of delivery and pricing of products), cost reduction to bring operational efficiencies, new strategic business alliances with other e-Commerce Companies, proposed increase in capital by way of equity infusion from its existing shareholders and other prospective private equity investors (including fresh foreign direct investment) which would require the Company to continue to comply with the Foreign Direct Investment Policy ('FDI'), FEMA regulations.

Actual figures may differ from these estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

#### 2.3 Current-non-current classification

All assets and liabilities are classified into current and non-current.

#### Assets

An asset is classified as current when it satisfies any of the following criteria:

- a. it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- b. it is held primarily for the purpose of being traded;

Current liabilities include current portion of non-current liabilities. All other liabilities are classified as non-current.

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.

#### 2.6 Impairment

The Company assesses at each balance sheet whether there is an indication that an asset may be impaired. If any such condition exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss . If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to maximum of depreciated historical cost.

#### 2.7 Inventories

Inventories which comprise raw materials, work in-progress, finished goods and stock-in-trade are carried at the lower of cost and net realisable value. The comparison of cost and net realizable value is made on an item by item basis. In determining the cost, specific identification method is used.

#### 2.8 Income from operations and other income

Sale value of goods is exclusive of sales tax, returns, and inclusive of price adjustments and quantity discounts

Dividend income is recognized when the shareholders' right to receive payment is established by the balance sheet date.

Interest income is recognized on time proportion basis.

#### 2.9 Investments

Investments are either classified as current or long-term based on the management's intention. Current investments are carried at the lower of cost and fair value. In case of investments in mutual funds, the net asset value of units declared by the mutual funds is considered as the fair value. Long-term investments are carried at cost and provisions are recorded to recognize any decline, other than temporary, in the carrying value of each investment.

#### 2.10 Foreign currency transactions

Foreign currency transactions are recorded at the exchange rates prevailing on the day of the respective transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the exchange rate on the balance sheet date. Exchange differences arising on foreign currency transactions during the year and on restatement of monetary assets and liabilities are recognized in the statement of profit and loss of the year.

Integral foreign operations are those which carry on their business as if they were an extension of the Company's operations. The financial statements of an integral foreign operation are translated into Indian rupees as if the transactions of the foreign operation were those of the Company itself.

#### 2.11 Earnings per share

Basic earnings per share amounts are computed by dividing net profit or loss for the year attributable to equity shareholders by the weighted average number of shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit after tax attributable to the equity shareholders for the year and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. The diluted potential equity shares have been adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. the average market value of the outstanding shares).

In computing diluted earnings per share, only potential equity shares that are dilutive and that reduce profit / loss per share are

#### 2.12 Leases

Leases under which the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. Such assets acquired are capitalised at the fair value of the asset or present value of the minimum lease payments at the inception of the lease, whichever is lower. Notes to the standalone financial statements for the year ended 31 March 2023

(All amounts are in thousands except share data or as stated)

#### 2.13 Employee benefits

#### Short-term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

#### Post-employment benefits

#### Defined contribution plan:

Provident Fund: A defined contribution plan is a post employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The company makes specified monthly contributions towards employee provident fund and pension to Government administered provident fund scheme and pension scheme which is a defined contribution plan. The Company has no further obligations under the plan beyond its monthly contributions. The company's contribution is recognized as an expense in the Statement of profit and loss during the period in which the employee renders the related service.

#### Defined benefit plan:

Gratuity: The company's gratuity benefit scheme is the defined benefit plan. The company's net obligation in respect of the defined benefit plan is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The calculation of the company's obligation is performed by a qualified actuary using the projected unit credit method. The Companies gratuity scheme is administered by Life Insurance Corporation of India.

The company recognizes all actuarial gains and losses arising from the defined benefit plan immediately in the statement of profit and loss. All expenses related to defined benefit plans are recognized in employee benefits expense in the statement of profit and loss. When the benefits of the plan are improved, the portion of the increased benefit related to past service by employees is recognized in the statement of profit and loss on a straight line basis over the average period until the benefits become vested. The company recognizes gains and losses on the curtailment or settlement of the plan when the curtailment or settlement occurs.

Compensated absences: The employees can carry-forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method as at the balance sheet date.

#### 2.14 Taxation

Income-tax expense comprise current tax (i.e. amount of tax for the period determined in accordance with the income-tax law), and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognized only to the extent there is a reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed as at the balance sheet date and written down or written up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realized.

Current tax and deferred tax assets and liabilities are offset to the extent to which the Company has a legally enforceable right to set off and they relate to taxes on income levied by the same governing taxation laws.

#### 2.15 Provisions, contingent liabilities and contingent assets

Provision is recognized when there is a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are determined based on best estimates required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current management estimates. A disclosure of contingent liability is made when there is possible obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent assets are neither recognized nor disclosed in the standalone financial statements.

Notes to the standalone financial statements for the year ended 31 March 2023

(All amounts are in thousands except share data or as stated)

2.16 Employee stock option based compensation

The Company calculates the compensation cost based on the fair value method, wherein the excess of the fair value of the underlying equity share as on the date of the grant of the option over the exercise price of the option given to the employees under the employee stock option scheme of the Company is amortised over the vesting period on a straight line basis. The Company follows the Guidance note on accounting for employee share based payments issued by Institute of Chartered Accountants of India for accounting for employee stock options.

# 2.17 Cash and cash equivalent

Cash and cash equivalents comprise of cash at bank and in hand and short-term investments with an original maturity of three

#### 2.18 Cash flow statement

Cash flows are reported using the indirect method, whereby net profit or loss before tax is adjusted for the effects of transactions of non-cash nature, any deferrals, or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.
